FIDEL

CLASSIFIED

THE BLEND IS CLASSIFIED.

Wrapper, binder, filler. All classified. The only spec we publish is the strength. Light it and decide for yourself what is in it. That is the point.

WRAPPER	BINDER	FILLER	STRENGTH
[redacted]	[redacted]	[redacted]	MEDIUM BODY

GUESS THE WRAPPER. Smoke it. Call the wrapper. Your tobacconist will tell you if you are right.

WHY THIS NAME

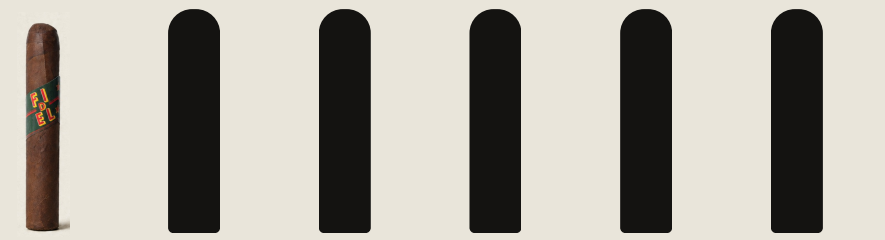

Fidel is the villain of this collection.

You cannot tell the story of the people who fled without naming the man they ran from. Every family that lost a house, a business, a father, or a country lost it to one man's decisions. This cigar opens the file on him. The next five files tell what came after.

THE COLLECTION

SIX FILES. ONE COLLECTION.

Concealed Carry is a six cigar series built around the Cuban embargo era. Each file is named for a person, a place, or a moment that shaped what happened between the two countries. Fidel is File 01.
